Get online access to your CERATIZIT account now with an **easy three-step registration**.

Your benefits at a glance:

Information

Get detailed information about our products, including **CAD data, technical drawings and images**.

Configurator

If you are looking for something specific and can't find it in the standard range... our online product configurator makes it easy to design a tool to meet your needs.*

Support

You won't be left to your own devices. Our customer service and sales teams are always here to answer your questions before, during and after your purchase. All details of your **personal contact at CERATIZIT** are just one click away.

Documents

Find all your **on- and offline transactions** in one place (orders, invoices etc.) with tracking & tracing of the order history.

User Management

Benefit from a **multi-user system** where you can decide which level of authorisation a user should have, depending on the role within your company.

Availability

Shop our large assortment **with over 25,000 products** online. You will get instant information about availability and real-time stock updates from our worldwide warehouses.

The CERATIZIT Group

At CERATIZIT we **master the entire process chain** from the raw material to the finished tool and thus, we can always guarantee a stable and high quality.

For over 95 years, CERATIZIT has been a pioneer developing exceptional hard material products for cutting tools and wear protection.

The privately owned company, based in Mamer, Luxembourg, develops

and manufactures highly specialised carbide cutting tools, inserts and rods made of hard materials as well as wear parts.

The CERATIZIT Group is the global market leader in several wear part application areas, and successfully develops new types of cemented carbide, cermet and ceramic grades which are used for instance in the wood, metal and stone working industries.
